"Hi John,

*The realtor found a handkerchief (I think it has a map that seems pizza-related. Is it yours? They can send it if you want. I know you're busy, so feel free not to respond if it's not yours or you don't want it.*

This nonsensical email thread continues with an offer to 'email' this black and white checkered handkerchief (pedophile symbology) to John- why would anyone offer to return a handkerchief via email? Search the Podesta email files found here..... <https://wikileaks.org/podesta-emails/> - you will find many other examples of the use of these code words that would otherwise seem nonsensical in normal word meaning context.

These are some pedophile code words:

- "hotdog" = boy
- "pizza" = girl
- "cheese" = little girl
- "pasta" = little boy
- "ice cream" = male prostitute
- "walnut" = person of colour
- "map" = semen
- "sauce" = orgy

Child Trafficking and the Issues Surrounding Pizzagate/Pedogate are Real

Pizzagate/Pedogate is the ongoing world-wide citizens investigation into a child trafficking and pedophilia ring. The term "Pizzagate" comes from the dark web's use of "cheese pizza" as a code word for "child pornography" and from the bizarre connections between certain establishments in a D.C. neighborhood loaded with pedophilia symbols on local business establishments— symbols declassified and recognized by the FBI.

Pizzagate has NEVER been officially investigated by any local or federal law agency— as CBS reporter Ben Swann reported...

## A PLEA TO THE NEW YORK CITY POLICE DEPARTMENT

The New York City police department raided former Rep. Anthony Weiner (D-NY) home on allegations that he exchanged lewd texts with an underage girl. Weiner's now-estranged wife Huma Abedin was a longtime Clinton aide. Over 650,000 emails were found on Weiner's computer, some of which we have been lead to believe concern a wide spread child trafficking ring involving our political and wealthy elite.

However, it is our understanding that the NYPD were compelled to cancel their press conference concerning what they found after immense pressure from AG Lynch's DOJ.

Although "fake news" and claims about the Russians being involved are being used in the same way that "false memories" and "satanic panic" were used to close down these investigations in the 80's and 90's— these dedicated men and women KNOW the truth.

When you compare this with what we have learned from Wikileaks, which has a 100% accuracy record, we can all see that this is cause for concern and action regarding these claims.

We are imploring these brave souls to come forward— stand with the people who stand ready to support them- and disclose the TRUTH in what they know. We need to stand cohesively together in order to bring an end to this deplorable and despicable attack on our children as the decent people we are.

## The Very Sick Tastes of the People Involved

What is a "hotard"? It is a portmanteau of the words "whore" and "retard", used to describe an infant by James Alefantis on Instagram— who has been implicated with Tony Podesta and many others in the organized and wide spread pedophilia of children— including infants.

"On the wall in his office at Hillary Clinton's Brooklyn headquarters, campaign chairman John Podesta has an oil painting on loan from his lobbyist brother, who is an avid art collector. The image shows two men hunched over a dining room table, bearing knives and forks. On the table lays a man in a suit, who looks vaguely like Podesta. "It's better to be the guy with the fork," Podesta quips to his colleagues, if they ask about the image, "than the guy on the table"
