He seems genuine?? I could be wrong?? But she is there as a control. Her job is to discredit anything that has to do with these peatos. Gabe Hoffman emailed Shawn Attwood minutes after the broadcast and threatened legal action if he didn't remove it. I'd mentioned Gabe's name during the interview. Shawn didn't want any legal friction so he removed it. edited it and re-uploaded it... It was also uploaded to Bitchute I believe.

@MkShantrul well, they have a Patreon and monetize their content... so they DO solicit donations.
Cory claimed to be sleeping in a garage before Kappy died, and Alicia is recently "retired" from aromatherapy.
Monetization is fine, if ur being honest... which it appears they are not.

-  **@SKILLY** 4 years ago (edited)
@J K Creators rarely monetize directly from the streaming service, nowadays (for a variety of reasons)... Cory and Alicia use Patreon/Paypal, which is standard op these days.
Which is why Cory is being intellectually dishonest when he says his Kappy content isn't monetized.
 4  **Reply**
-  **@SKILLY** 4 years ago
Eta: I have no idea what they're numbers are, they don't seem particularly impressive at a glance, but I could definitely see them having a few healthy monthly Patreon members... that's all it takes really. I recall Alicia randomly mentioning a large donation they had just received, during the Rick Holiday interview.. just for example.

@SkILLY Of course we were open to donations. I worked 8-10 hours a day investigating the death of Isaac Kappy as well as putting together my show. My channel was about much more than Isaac Kappy. and yes. I was sleeping in a garage WHEN Isaac died. and YES Alicia was recently retired from aromatherapy at the time. Accepting donations for work isn't criminal nor is it immoral. I was/am also guiding and had income that way as everyone knows.

@SkILLY no no no. Emotions just really boost my life, but the sad thing is, not knowing kappy he was a guy I wish I was friends with. He was a hero that put it out there loudly and was well aware of the dangers. And now to find that he was used by his defenders is really really sad. Kappy was lucky to have a friend like you. You enlightened his life.

What's odd is if she allegedly knew he was visiting his parents... how would he be back to apple valley that fast to see Kelly Tuesday?.. and Michelle doesn't think he would go to his parents.. and when he left Michelle's.. she says he indicated he wouldn't be back.. and asked him.. what about your things... and he said he would send for anything if he needed any of what he left behind..... there's just some things missing ... I Just don't get why his friends now are pushing this v2k crap and getting zack to tell some bs stories to match them to isaac... as if that's why he's dead..

knew from day one that vegan mike was full of it.... but decided not to say anything until isaac was gone?... letting isaac talk all that crap to ppl who didn't support that vegan Mike bs....I wouldn't trust any of them....I just don't get what their motive is.... instead of letting it go... letting zack go... they hold on to it.. interviewing him as if there is going to be credible.... it's just nonsense.... seems like they're gonna take zack little stories and say.. this is what happened to isaac I bet.... just burying the truth deeper and deeper

I have no more questions... Its obvious no one's stories have ever added up.. from Kate to you and every one in between.... what would be nice is everyone in contact with isaac show any proof of communications... that's all I would like.... he's dead.. if no one has any proof of their communications... just let him rest.... this v2k crap is the dumbest thing ever made up.. 🙌 🙌 ... everyone blamed everyone and made up a dozen theories... then pe puts out the fantastical idea of v2k.. and then here' comes the full blown larp that it was v2k ... ugh... damn that Phil Collins 🤔 ... is that what you're going to do with zack?... make him push some v2k bs to verify "that's what happened to isaac"????? Is it going to be a blame of mind control by ts the dude ??.... 😊

No Mike that's not how it went down & as USUAL you are crossing statements to create a lie !! I didn't know Alicia went to Isaac's the days prior to his death until he was already gone !! My conversation with Alicia happened after he passed, on Wednesday, when her & Diane went to the house to see if they could gather his things. Alicia is right y'all need to come on a Zoom & get this shit straight !!

And idk any thing about this zoom garbage...I don't care about all the flim flam you guys are going to keep pushing... Kate said the cops talked to her.. then you say she's lying about that.... these games are so stupid... but ok keep pushing the v2k larp.. you all have pushed a dozen theories and blamed a half a dozen ppl before this v2k bs.... it's obviously complete bs and everyone knows it.... but conveniently all the communications with isaac have been hacked and stolen 🤔 ... dam that Phil Collins.. he's good

So Kate said after the cops talked to her she went on you tube and saw pe taking about the bridge incident and then claims to have contacted pe to investigate... she never mentioned you.. but you say both of you contacted pe to investigate.... and pe still has not answered as to who told him to contact ts the dude... nothing good had come from any one.. no closer to any real info.... just utter bs besides the police reports and footage ect.... what ever tips or leads to any possible truth is not going to be shown if there is any... before the police reports ect..a half a dozen bs stories and interviews were played on pe channel.. why?... cuz mystery gets all the clicks.. everyone loves a great mystery... sadly a dead man is being used... for what?. Why is it so important to push a bs story like v2k.. that story never entered the larp until pe pushed that idea... Isaacs death should never have went to a you tube "investigation"... all it did was create a mess... ass holes showing his body on you tube and Twitter.... who ever had cory do this and cory is to blame for the mess ppl made of it on the internet..... no one would have done all that. until cory did it.. and all the skeptics came out and challenged his investigation... all on social media... congrats...ppl need to mop up this mess... not make it worse

@ItisMeMike Isaac is the one who asked for company & that was in our Telegram room. I didn't know she actually went until after the fact. I talked to her on Wednesday & asked if her & Diane could go to the house, I never said that I sent Alicia the week prior to have boots on the ground bc I didn't even know what was going on. I was asked to contact him that week from others in the big room on Telegram bc they hadn't heard from him in a few days, I had been busy with life & didn't know what was going on. I texted him, forwarded a message from someone in the group & Isaac's reply, "There's nothing you can do". You are the one spreading bullshit & causing problems where none existed prior !! You didn't know him, you claim to not give a shit, you constantly ask questions that have been asked & answered a 1000x so why the fuck are you still here !? I had DMs with you on Twitter for months & answered every question you asked & now you want to throw shade bc you can't keep shit straight in your head !? I find it quite ironic that you are claiming to "remember every question & response, yet here you are getting shit all fucked up & that has been a pattern with you since you poked your nose in to this tragedy !! And let's NOT forget that you started out this crusade of yours as an ally, to MICHELLE !!

@sharkbellykelly7956 .. so someone can show communications he asked for company?... some one can prove she went there 2 times before he died?... so isac was going to visit his mom Monday.. but you were going to visit him Tuesday?. Can you show any communication you were going there Tuesday?... that's alot of driving from ca to nm and back in one day imo.. and.. Michelle said he implied he wouldn't be back... can bash my questions all you want.. idgaf. nothing any one says adds up.. you can act like everything's been answered 1000 times... while questions are ignored... no one's going to prove their answers .. cuz it's probably not true.... why can't cory answer who told him to contact ts/as he claims some one told him to contact him... and you say Kate's lying about cop's

@sharkbellykelly7956 I recall you "wanted boots on the ground to check on him".. that was before he was gone... and then after he was gone you said you wanted them to get his stuff for his mom cuz you knew it would be an issue with Michelle..... and he left to his mom's allegedly after 7pm... which. He wouldn't arrive until after midnight at the earliest... pretty strange time to show up for mother's day.. when mothersday. was over....I kinda believe Michelle .. saying she doesn't believe he would go to his parents.... and implied he wouldn't be back....I get it. he was maybe in limbo between suicide and trying to hold on to maybe see his mom once more... but I have no doubt he was planning to die very soon after that Saturday.... and some ones I believe knows why

I recall you also wanted them to get his things because you knew it would be an issue between Isaacs mom and Michel.... how would you know that... Michelle had 2 strangers come in with out knocking to come take his things?.. that just seems wrong .. you say they took nothing.. Michel says they took something.. like a device of some kind of the wall... im. Just over it...I don't expect any real answers or full truths... besides all that old stuff...i just don't think it's right to now push this v2k larp further.. ppl with any brains or a heart know it's just wrong.....take care

Doesnt make sense.. and also her claim doesn't match his last periscope nor does it match his behavior Sunday and communication to vegan mikey Sunday and this alleged ig live video..... nothing is evidence of v2k

@ItisMeMike Nothing was taken from Michelle's house the day that Alicia and I went to his home. Unless Michelle was referring to the piece of candy that Michelle offered us during our hour long conversation with her, nothing was removed from that house. Whatever happened prior to or after our visit to the home (the day after learning of Isaac's death), I can't say. Michelle NEVER mentioned to us that Isaac told her that he wasn't planning to return. That is pretty significant. Granted we spent close to an hour talking about her morgellons disease, but why was it never mentioned? Everything that Kelly stated here regarding our visit is true. Not sure how any of this is relevant to the V2K controversy, but I assure you that your inability to 'connect the dots' is not only convoluting the story, but also placing people at risk. Stop making shit up.

@SKILLY exactly..I commented to pe in the beginning when he was pushing one bs story to the next before the report was even received from the police and dept of safety... why not wait till the report is in? It's obvious what happened.. then pe pushed the v2k idea.. here comes the only alleged witness to isaac saying he' was hit with v2k.... still the only shred of truth is in the police reports... it was a year of complete bs.. and now ppl are in law suits over it... buncha idiots I swear...and for what? You tube fame? Some other kinds of fame or pay off?... beats me 😊

@ItisMeMike So what do u think the truth is? My understanding is that Kelly asked him? I didn't think that was controversial until it became cloak and dagger, then he began saying a family member (or close friend of family, I don't remember now) reached out, which really confused me...

@SKILLY ide like pe to say who he claims told him to contact ts... but what I noticed ppl connected to ts who helped allegedly get this isaac information.. such as tox screen ect with pe.... they all just kept pushing more and more bs wanting ppl to question if isaac was dead or not or if that was him on the bridge...or if the videos were fake...I never questioned that or fell for those stupid stale mate traps...I just want to know why isaac did this....I believe some ones knows.... what's odd is the bs theories being pushed.. and when I mention things .. such as what Jason boss said about him.. anything that I think may lead to logical answers..I get called names and shot down.... very strange imo

I'm not sure what youre referring to skill.. about Kelly asking him?... I know Kate said she asked pe to investigate... later. Kelly said her and Kate both asked pe to investigate.. after wks and wks...pe says Kate asked him to investigate.. no mention of Kelly... and says some one told him to contact ts.... what's funny is before pe said any thing about Kate.. during ts interview..ts asked pe if he was going to have Kate on..pe said he would have any one on the show.. and had already obviously been in contact with her.. since she had him investigate allegedly..... there's too much secrecy with them.. tells me they're playing stupid games with this....quite obvious ... how much further will they run with it? 😊 ... pe was obviously chosen for this.. he did not stumble across this...I do not believe Kelly or kate were the first to contact pe.... that's my opinion unless proven other wise

@ItisMeMike interesting, I either forgot or didn't know Kate was rumored to be in that mix. I would bet anything that Thomas used a sock to contact PE and suggest he contact him, while hyping himself up, via the sock. That's pretty standard. Whether he was the FIRST to reach out, no idea. I'd love for Kelly to chime in, atleast clarify why there needs to be such a shroud of secrecy over this fact.

@SKILLY yea Kate was in this in the beginning.. even was in leppos show or at least in the chat a few times and then I think bailed on ts and the whole thing... before she disappeared she said something negative about ts I remember.. can't remember the exact words... but obviously wanted nothing to do with any of this.... them ask their sudden Kelly said she's probably lying about the cops talking to her so if the cops never talked to her.. nothing adds up.. cuz Kate said after thr COPS talked to her she looked on you tube found pe doing a show on the bridge incident and that's what she's claims made her contact pe.... she never mentioned Kelly.. she only said she contacted vegan mikey to find out if it's true or if he' can try to contact isaac to verify.. something like that... but she said vm was the person she called after the cops came

@ItisMeMike she's a wierd one as well. In one of the first PE live-streams (definitely 1st I was in) I specifically asked her about her claims of LEO doing a sketchy wellness check w her after Kappy passed. She stopped answering shortly after it was clear her narrative made little sense. So not sure what her deal is... OT: saw her in Goodman's chat the other day lol I'm never there so idk if she's a regular, seemed like she was.

Remember all that ..Kate said they were only friends... kayla said she use to come out .. but they had a falling out and broke up...if they ever really dated..I get it why she wouldn't want to be known as any kind of ex..... but kayla saying they had a falling out .. quite curious to me what that's about... kayla obviously knows a little something about that... to phrase it like that

One thing that sticks with me about isaac s periscope.. was his "confession" ... when he mentioned he took some bait.... it makes me think about that one young guy who allegedly is not working with ts any more...it bothers me ppl saying ts needs to be stopped... how bout ppl stop interacting with ppl on line like that. Taking bait 😊 ... is not like any one is forced...ppl need to take some responsibility for them self and not act like they're some victim unwillingly... they willingly did what they did

@ItisMeMike dude, this is why I always like u... ❤️

If ur talking about Zack, I couldn't possibly agree more and in fact I was attacked for saying that EXACT same thing in a livechat recently bc Zack was attacking OTHER people who asked him for evidence about Thomas, rather than instantly going by his word. This, despite the fact that Zack used to RT Toronto Police, anytime someone would try to warn him about ts.... 🤔

Apparently victim status is supposed to give someone carte blanche, I happen to not subscribe to this victim revisionist trend.

(Oh and he was also talking about how Thomas used V2K against him, and he has evidence. Sigh)

If u go to Lestat's livestream titled Final Chapter i think? I think u can still see me being punished in the comments lol. They were NOT pleased with me for telling Zack he held some responsibility. Ill shoot u a link if its still there

@SKILLY I will look for that video..... and yea I saw some short video some where... some one was telling him no need to apologize.. it's not your fault... pushing what it seemed like a claim of mind control on zak to do his bidding ect.... it's like they're going to push this is what happened to isaac and this v2k bs.... 😊 .. very strange stuff.. im happy for any one who gets away from bs... but to push more bs on top of it... it's just wrong..... if ppl are going to come clean... Just Come clean and mop up the mess

[@sharkbellykelly7956](#) when I used to watch LTV, I remember months BEFORE Kappy passing discussing in LTV chat about Phoenix Enigma and his live interview (I remember him distinctly saying it was his first-ever live stream interview - and it was with TS). I remember linking this show to other people in chat. I remember them coming back into chat and confirming this. I also remember going back and trying to find the show at a later date and not being able to. I took a screen snapshot at the time, which I can't find (yet) - suspect on an old device. I can also remember other streams I watched of P.E during the pizzagate era, some things were quite extreme, hence why I distinctly remember them. These don't look like they exist anymore. Either my recollection is mistaken or I am lying. Regardless - that's my recollection and I'm sticking with it. Eventually, the truth will out on this, one way or another. It's not a big thing, or very controversial to me - but when I do get to the bottom of it, I will let you know what I find. I don't expect to be wrong. If I was going to guess a date for the interview - it was around March 16 to 26th 2018, but this is a vague, vague recollection.

[@aikendrum1518](#) you are right about the interview but the timing is off...that was definitely AFTER Isaac passed & you can find that video on Cory's channel. He didn't know any of us or them prior to Isaac's passing. I do know that he did his 1st "conspiracy de-oculting" of tight Las Vegas shooting but that too was long b4 anyone knew who he was unless they were following his channel. I had started following his channel after I saw his video on the Grammys about 1 month prior to Isaac's passing. I don't know if he did PizzaGate stuff pre-Isaac...just don't recall but it's totally possible. He hasn't deleted any videos...if videos are missing it's because YouTube deleted them...that's what he told me & just recently stated on a livestream so you should be able to go back in his library & find what you are looking for

- @SKILLY** Yes, I had no idea she had called him & as far as I was concerned at the time, I was the only one & at the end of our 2+hour convo he said that it sounds like I was close to Isaac & within his circle & would I feel comfortable giving him permission on behalf of the Famalam to look into what happened, being that logistically he's in a good position to do so & I said absolutely. So although I didn't know Kate had called Cory that day what I do find strange is that she called ME too, on the 15th, & up until that day I had No idea who she was. As far as the pic IK had on his IG acct, we ALL assumed she was an ex girlfriend, we had No idea she had met him the same way we did, through his Periscopes !!

- @SKILLY** it didn't result from Kappy research, it resulted from her being the last person, besides Michelle, to have seen Isaac. I was on the phone with her that day, the day her shit was hacked, she told me that day the exact same thing she told everyone in several different livestreams !!

- Regarding Alicia, I'm going on her words to me during that last chat. As far as her visit, why wasn't she in touch with u throughout seeing Isaac??

- @SKILLY** what's odd besides cory involved.. is how ts gets interviewed...I've heard he Doesnt do interviews unless he's favored.. and still who had him contact ts.. what would ts have to do with it.. he barely knew isaac he says.. but in that interview he claims isaac admitted to him he had a heroin problem ... and was probably in the past.. but isaac famalam says isaac never injected drugs...I wonder who isaac knew more or was closer to.....ts or the others? 🤔 ... if ts was lying about isaac admitting that... why would he lie about that ...or if He wasnt lying.. why would isaac tell him ... but not the famalam.... 🤔 or did he?

- @SKILLY** lol... classic intro ... oh well it is what it is more strangeness.. was where he lived.. Michelle said he confessed to stealing studio time that is a felony she says.. and this alleged album won't come out as this mystery producer has it and won't come forward... things she's said add to my questions.. her saying he was a con man.. she thought he was out to save the world... said he would have to be out by June or pay rent... and she always mentioned that one months rent he allegedly lost..... one thing she never answered.. was saying he almost got her killed... not sure the meaning of that or just a bizarre claim.... its hard for me to tell which area of his life might be what led to him dying... sometimes I wonder about twyman... if it's at all connected... ive heard the words suicide cult before...I forget where.... crazy or not.. there has to be a reason or a trigger to what led to the death(s)... the mysteriousness... leads me to believe they wanted it that way...or was part of an agreement 🤔

Glad ur here for the record, so u can see that Alicia is unwilling to discuss this and people have no choice but to speculate... UNLIKE what Cory claims, which is that people make assumptions before asking them.

All goods points regarding Kate. If even kelly is giving her the 🙄, then fair to say we'll never know whats going on w her. Prob a yt groupie.

@carolineullrich7323 I never trusted them. ANYONE that questioned them in the slightest would get banned and blocked. That's not how you run a transparent channel. That's how you run a channel full of lies. "But that doesn't make sense"

Them- "you know what? Your just a troll block him".

They did this every 30 seconds.

On the downside they uploaded a video a while back of a young man testifying that bill Clinton and other prominent politicians had raped him 20 years ago on a yacht. The woman in that video next to the young man was a whistleblower named Jennifer who had her own YouTube channel and was going to testify the same exact thing on video.all channels. Now inactive. Because she ended up dead in her Washington DC hotel room. I need to find her channel. And I need to find that video. It's all but scrubbed off the internet. Her autopsy was ruled mysterious circumstances. And her last video was her walking taking a video around that pizza shop that centered around the pizzagate conspiracy theory. It's confirmed she's dead.

They were the only source of that woman, man. And channel. As much as I hate them. I really needed to find that.
